WHY STUDY WITH US?

Our 10-day Easter revision programme will provide an amazing opportunity for you to ask all (yes all!) the questions you may have had during your school days and fix them. During this course, your grades will improve through a full understanding of the topics, focusing on exam techniques. And as the lessons are online, they can be done anywhere! Squeeze a few hours in here and there, even if you're on holiday! (though that doesn't sound so appealing, trust us, it will be of great help!)

You will be taught by highly qualified tutors with the vision of making of a world of difference in a student's life. We do not believe in a one-time success, but seek to make a long-term impact and instil a love of learning. Our ultimate goal is to inspire hope in those we work with.

All our tutors have: a university degree in their teaching subjects/years of teaching experience/a completed DBS check/access to past papers and e-learning websites
